COMPILERS' NOTES

1. The Legislative Appropriation Act approved June 7, 1924, provided:

   "In lieu of the data relating to offices created and omitted and salaries increased and reduced, the statement shall hereafter contain such additional information concerning estimates and appropriations, as the committees may deem necessary."

   Such data had been tabulated in previous volumes of this work for each session of Congress from the Fiftieth to the Sixty-seventh, inclusive, covering the fiscal years 1889 to 1924, inclusive.

2. This compilation contains laws affecting, rescinding, or making appropriations which were enacted during the second session of the 99th Congress with the exception of private relief acts containing appropriations. These acts have been omitted from this compilation, but a summary containing the number of the act, the beneficiaries, and the amount appropriated is included.

   There were *twenty-five* appropriation bills and resolutions acted upon to some extent by the Congress during the second session of the 99th Congress (twenty-three were House bills and two were Senate bills) and eight of those bills eventually became law (three were supplementals and five were continuing resolutions). *None* of the thirteen regular annual appropriation bills became law except through the continuing resolution process: *H.R. 5177*—Agriculture, Rural Development, and Related Agencies Appropriations for 1987 passed the House and was reported by the Senate Committee on Appropriations with no further action taken by the Senate; *H.R. 5161*—Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations for 1987 was reported by the House Committee on Appropriations and also by the Senate Committee on Appropriations with no further action taken by either the House or Senate; *H.R. 5438*—Department of Defense Appropriations for 1987 was reported by the House Committee on Appropriations while a companion bill (S. 2827) was reported by the Senate Committee on Appropriations with no further action taken by either the House or Senate; *H.R. 5175*—District of Columbia Appropriations for 1987 was passed by both the House and Senate but was conferenced as part of H.J. Res. 738; *H.R. 5162*—Energy and Water Development Appropriations for 1987 passed the House and was reported by the Senate Committee on Appropriations with no further action taken by the Senate; *H.R. 5339*—Foreign Assistance and Related Agencies Appropriations for 1987 was reported by the House Committee on Appropriations while a companion bill (S. 2824) was reported by the Senate Committee on Appropriations with no further action taken by either the House or Senate; *H.R. 5313*—Department of Housing and Urban Development—Independent Agencies Appropriations for 1987 did not advance in the Legislative process beyond the filing of a conference report in the House; *H.R. 5234*—Department of the Interior and Related Agencies Appropriations for 1987 was passed by both the House and Senate and a conference report was filed in the House with no further action taken; *H.R. 5233*—Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations for 1987 did not advance in the legislative process beyond the filing of a conference report in the House; *H.R. 5203*—Legislative Branch Appropriations for 1987 did not advance in the legislative process beyond the filing of a conference report in the House; *H.R. 5052*—Military Construction Appropriations for 1987 was passed by both the House and Senate but no conference report was filed; *H.R. 5205*—Department of Transportation and Related Agencies Appropriations for 1987 did not advance in the legislative process beyond the filing of a conference report in the House; and *H.R. 5294*—Treasury, Postal Service, and General Government Appropriations for 1987 passed the House and was reported by the Senate Committee on Appropriations with no further action taken by the Senate.

   In addition to the thirteen annual appropriation bills that were not enacted into law, *one* continuing resolution (H.J. Res. 730) was reported by the House Committee on Appropriations but did not advance further in the legislative process while *another* continuing resolution (H.J. Res. 748) was vetoed by the President October 9, 1986, and no action was taken by the Congress to override the Presidential veto. A chronology of all twenty-five bills is included in table V, volume 2 (see pp. 3060-3067).

Financing of programs and activities normally included in the thirteen regular annual appropriation bills that did not become law is provided through five continuing resolutions as follows:

—Public Law 99-434 for the period October 1-October 8, 1986;
—Public Law 99-464 for the period October 9-October 10, 1986;
—Public Law 99-465 for the period October 11-October 15, 1986;
—Public Law 99-491 for the period October 16, 1986; and
—Public Law 99-591[1] for the period October 18, 1986-September 30, 1987.

For further information concerning each of the thirteen regular annual appropriation bills that did not become law, see the "note" at the beginning of each of those bills (pp. 47, 49, 51, 53, 55, 57, 59, 91, 93, 127, 143, 145, and 173).

There were no separate "rescission acts" or "deferral resolutions" during the 99th Congress, second session; however, several rescissions and deferrals were included in appropriation acts. It should be noted that amounts *proposed* for rescission are not reflected in the *net totals* for new budget (obligational) authority shown in the various tabulations throughout this volume whereas *amounts rescinded are reflected* in those totals.

3. This volume also contains various comparative tabulations for the session showing, by fiscal years and in both detailed and summarized form, the Presidential budget estimates (requests) for "appropriations" and certain other types of requests involving the appropriation of obligating and spending authority.

4. While required by the Constitution as a necessary prerequisite to the withdrawal of *any* money from the Treasury, through long usage the term "appropriation" acquired a definite, technical word-of-art meaning in relating to many details and summaries in the annual budget of the President, in the making available of obligational and spending authority, and in tabulations and summarizations of congressional fiscal actions. If the proposition did not "appropriate" within the concept thus imparted to the term, then it was not added in the "appropriation" totals. If it did so "appropriate", it was added in.

Thus, in congressional tabulations generally, a "reappropriation" (extension) of a balance of a previous appropriation was not added to the "appropriation" totals even though it provided obligational and spending authority beyond what would in its absence have been the case. An "authorization to expend from debt receipts" (sometimes called "public debt borrowing authority") was not counted as an "appropriation" even though it conveyed both authority to obligate and authority to expend. An authorization to enter into contracts in advance of an appropriation ("contract authorization"), being authority to obligate the Government but not to *expend* money, was not added in the general "appropriation" totals. But a subsequent "appropriation to liquidate" that contract authorization—an authority to expend money but not to create additional obligations—was counted as an "appropriation".

Furthermore, historically, prior to fiscal year 1969 the general budgetary and congressional appropriation totals were arranged and presented so as to give greater emphasis and prominence to those dealing with Federal or Federally-owned funds, as distinct from *trust* funds which the Government theoretically holds in a fiduciary capacity. Although prior to fiscal year 1938 (75th Cong., 1st sess.) such trust funds were relatively insignificant in the total appropriations picture they subsequently came to loom large, and while *separately* tabulated and noted in volumes of this work *previous* to the 90th Cong., 2d sess., they were not included in the aggregate totals, of "appropriations" generally emphasized and cited. (See note, table X, in volumes *prior* to the 90th Cong., 2d sess.). But in subsequent volumes, including this volume, they *are* incorporated in general appropriation totals.

Title 31 U.S.C., section 2, dealing with the national budget system, provides that the term "appropriations" includes, in appropriate context "* * * funds and authorizations to create obligations by contract in advance of appropriations, or any other authority making funds available for obligation or expenditure."

---

[1] The Committees on Appropriations of the House and the Senate agreed to the conference report on H.J. Res. 738 on October 17, 1986, and a version of H.J. Res. 738 with three pages missing from the enrolled copy was signed by the President October 18, 1986, as Public Law 99-500. The second enrolled copy included the three missing pages and was signed October 30, 1986, as Public Law 99-591.

Special Note.—A further significant departure in what is now included in several general summary tabulations, which was not so included in these volumes *prior* to the 90th Cong., 2d sess., has to do with obligational or spending authority (including rescissions) conveyed in acts other than the regular annual and supplemental "appropriation" acts. Copies of such acts, and certain specific tabulations related to them, usually appear in one way or another in such prior volumes, but the amounts were not cranked directly into a number of the overall summary tabulations as had been done in volumes beginning with the 90th Cong., 2d sess. This especially affects tables VIII, IX, and X. To retain some consistency of ready identity as between amounts relating to the regular annual and supplemental "appropriation" acts and amounts relating to "appropriations in legislative acts", there is a breakout among these lines in each of these three tables (in some years, the "legislative act" amounts are quite significant, relatively. And sometimes, it is not easy or possible to nail down with absolute precision the amounts involved in the "budget estimates" or the amounts "appropriated"). The total new budget (obligational) authority in these tables are net amounts reflecting rescissions in regular annual and supplemental appropriation acts, rescission acts, and legislative acts.

A new, *unified* budget concept recommended by the President's Commission on Budget Concepts in its report of October 10, 1967, was embraced by the President, and the Budget for 1969 incorporated most of its basic features. The object was to secure usage, as nearly as may be practicable, of a *single* concept of appropriations, receipts, expenditures, lending, and debt in order to promote public and congressional understanding of Federal fiscal and budget actions and matters. The various comparative tabulations and summaries in this volume conform generally to the new concept in respect to "appropriations."

(For a more detailed exposition of the new concept, see the Report of the Commission, especially in relation to "appropriation", pp. 6, 12, 16, 76, 95, and 100; Special Analysis A, the Budget for 1969; and hearings of February 8, 1968, before the Committee on Appropriations, House of Representatives, on the Budget for 1969, p. 40 and following.)

Thus, in lieu of the terms "Estimates" and "Appropriations" used in volumes previous to the 90th Cong., 2d sess., subsequent volumes, including this volume, use the terms "Budget estimates of new (obligational) authority" and "New budget (obligational) authority appropriated". In broad terms, by far the major single difference between aggregate general totals in this volume in contrast to those in volumes previous to the 90th Cong., 2d sess., is the inclusion, in this volume, of *trust* funds (virtually all of which, incidentally, in any session or year, flow automatically from permanent-type enactment of *previous* sessions that thus do not require action in bills of the *current* session). And even under the new concept, in all but a relative handful of instances, the new budget (obligational) authority "requested" and "appropriated" is in the old, conventional "appropriation" form as previously used and understood.

Specifically, "new budget (obligational) authority" is derived by—

Appropriations (as herein above described) excluding appropriations to liquidate contract authorizations; plus
Reappropriations; plus
Contract authorizations; plus
Authorizations to spend from debt receipts.

It must be noted that there are, within the Government, certain inter-fund and intragovernmental payments between accounts that get counted in both places. Principal examples include: Interest on public debt securities held by trust funds; governmental contributions to employee retirement trust funds; and general fund contributions to various insurance programs. And under the new unified concept, certain "proprietary receipts from the public" are offset against budget authority *for budget summary presentation* purposes. This situation can complicate if a simple addition of Federal fund totals and trust fund totals is made without reckoning with this "deduct" problem. [Note.—The aggregate "deduct" figure of $194,691,075,000 for fiscal year 1987 used in several of the summary tables in this volume is the *estimated* amount relating to fiscal year 1987 shown on page 6e–19 of the Budget for 1987. Being an estimate, the "deduct" figure is *subject to revision* as actual data become available; and an updated amount for fiscal 1987 will appear in the budget for 1988.]

5. The Congressional Budget and Impoundment Control Act of 1974, Public Law 93-344, changed the fiscal year from the July 1-June 30 fiscal year to an October 1-September 30 fiscal year, and provided for the change to take place with the fiscal year beginning October 1, 1976 (fiscal year 1977). However, the preceding fiscal year (1976) ran from July 1, 1975 through June 30, 1976, thus providing a three-month interim period (July 1-September 30, 1976) for the necessary transition to the new fiscal year. This volume and the nine previous volumes are based upon the October 1-September 30 fiscal year.

   Title X (the "Impoundment Control Act of 1974") of the Congressional Budget and Impoundment Control Act of 1974 established new procedures for the reporting and control of impoundment actions of the President. Included in this volume are reports showing the status of rescissions and deferrals for fiscal year 1986 and the first 3 months of fiscal year 1987.

(3) Stretch out loan payments over a period of years, and base such payments on regaining our normal fair share of world markets; and

(B) The sum of the acreage determined in accordance with paragraph (5)(A)(i)(II) shall not exceed—

(i) with respect to wheat, feed grains, upland cotton, or rice, the 1986 permitted acreage determined for such crop of the commodity; and

SEC. 9112. (a) It is the sense of Congress that—

(1) the capabilities inherent in the technologies associated with the Advanced Technology Bomber Program and the Advanced Cruise Missile Program are a critical national security

asset for maintaining an adequate and credible deterrent posture;

(2) such technologies and programs should be developed as rapidly as feasible in order to produce and deploy advanced systems which will complicate the military planning of the Soviet Union and as a consequence enhance the deterrent posture of the United States;

(3) such technologies and programs should be funded at the levels authorized in this Act; and

(4) all the funds appropriated for such programs should be fully used for such programs.

(b) None of the funds appropriated in this Act to carry out the Advanced Technology Bomber Program or the Advanced Cruise Missile Program may be used for any other purpose.

SEC. 9113. (a) Not later than October 14, 1986, the Chairman of the Joint Chiefs of Staff of the Armed Forces of the United States shall submit to Congress a report, in both classified and unclassified versions, containing a detailed assessment, including the individual views of each of the Chiefs, of the military impacts on the national security of the United States, of the possible military responses of the Soviet Union to an American decision to no longer comply with major provisions of existing strategic offensive arms limitation agreements, including the central numerical sublimits on strategic nuclear delivery vehicles contained in the SALT II accord. This assessment shall concentrate on possible Soviet military responses during the period between fiscal year 1987 and fiscal year 1996, inclusive, and shall address, among other considerations, the following:

(1) the impact on the ability of United States strategic forces to accomplish their nuclear deterrent mission, including the impacts on the survivability of United States strategic forces and on the ability of United States strategic forces to achieve required damage expectancies against Soviet targets, of any expansion of Soviet military capabilities undertaken in response to a United States decision to abandon compliance with existing strategic offensive arms agreements;

(2) the additional cost to the United States, above currently projected military expenditures for those periods for which such budget projections are available, of research, development, production, deployment, and annual operations and support for any additional strategic forces required to counter any expansion in Soviet military capabilities undertaken in response to a United States decision to abandon compliance with existing strategic offensive arms agreements;

(3) under average annual real growth projections in defense spending of 0 percent, 1 percent, 2 percent, and 3 percent, the percent of the annual defense budget in each year between fiscal year 1987 and fiscal year 1996 which would be consumed by increased United States strategic forces needed to counter the Soviet force expansions;

(4) the military impacts on United States national security of the diversion of the funds identified in subsection (a)(2) away from nonstrategic defense programs and to strategic programs to counter expanded Soviet strategic capabilities, including the military impacts of such a diversion on the ability of United States conventional forces to meet the Nation's specific non-nuclear defense commitments as a member of the North Atlantic Treaty Organization, and under the 1960 Treaty of Mutual Cooperation and Security with Japan;

(5) in addition, this report shall address the military implications for the United States of determined Soviet violations of offensive arms control agreements.

(b) Notwithstanding any other provision of law, none of the funds authorized or appropriated by this or any other Act may be obligated or expended, directly or indirectly, by the Organization of the Joint Chiefs of Staff for prospective studies and analyses to be accomplished by individual civilian contractors or civilian contractor entities, after October 14, 1986, if the report mandated in subsection (a) has not been received by the Congress; and

(c) The prohibition contained in subsection (b) on the obligation or expenditure of funds after October 14, 1986, shall cease to have effect upon the receipt by Congress of the report mandated in subsection (a).

"(2) The report required by paragraph (1) shall include the following information:

"(A) The cost goals or cost objectives—

"(i) for the production and deployment of a Strategic Defense Initiative System; and

"(ii) for the individual components of such system,

(2) by adding at the end the following new sentences: "For purposes of clause (3) of the first sentence of this subsection, an

industry category is a discrete group of similar goods and services. Such groups shall be determined by the Administration in accordance with the four-digit standard industrial classification codes contained in the Standard Industrial Classification Manual published by the Office of Management and Budget, except that the Administration shall limit such an industry category to a greater extent than provided under such classification codes if the Administration receives evidence indicating that further segmentation for purposes of this paragraph is warranted due to special capital equipment needs or special labor or geographic requirements or to recognize a new industry. A market for goods or services may not be segmented under the preceding sentence due to geographic requirements unless the Government typically designates the area where work for contracts for such goods or services is to be performed and Government purchases comprise the major portion of the entire domestic market for such goods or services and, due to the fixed location of facilities, high mobilization costs, or similar economic factors, it is unreasonable to expect competition from business concerns located outside of the general areas where such concerns are located.".

(b) Awarding of Contracts at Fair Market Prices.—(1) Section 15(a) of such Act (15 U.S.C. 644(a)) is further amended by adding at the end the following new sentence: "A contract may not be awarded under this subsection if the award of the contract would result in a cost to the awarding agency which exceeds a fair market price.".

"(i) in the case of a contract for services (except construction), at least 50 percent of the cost of contract performance incurred for personnel shall be expended for employees of the concern; and

"(ii) in the case of a contract for procurement of supplies (other than procurement from a regular dealer in such supplies), the concern will perform work for at least 50 percent of the cost of manufacturing the supplies (not including the cost of materials).

"(B) The Administrator may change the percentage under clause (i) or (ii) of subparagraph (A) if the Administrator determines that such change is necessary to reflect conventional industry practices among business concerns that are below the numerical size standard for businesses in that industry category. A percentage established under the preceding sentence may not differ from a percentage established under section 15(n).

"(C) The Administration shall establish, through public rulemaking, requirements similar to those specified in subparagraph (A) to be applicable to contracts for general and specialty construction and to contracts for any other industry category not otherwise subject to the requirements of such subparagraph. The percentage applicable to any such requirement shall be determined in accordance with subparagraph (B), except that such a percentage may not differ from a percentage established under section 15(n) for the same industry category.".

(2) Section 15 of such Act (15 U.S.C 644) is amended by adding at the end the following new subsection:

"(o)(1) A concern may not be awarded a contract under this subsection as a small business concern unless the concern agrees that—

"(B) in the case of a contract for procurement of supplies (other than procurement from a regular dealer in such supplies), the concern will perform work for at least 50 percent of the cost of manufacturing the supplies (not including the cost of materials).

"(2) The Administrator may change the percentage under subparagraph (A) or (B) of paragraph (1) if the Administrator determines that such change is necessary to reflect conventional industry practices among business concerns that are below the numerical size standard for businesses in that industry category.

"(3) The Administration shall establish, through public rulemaking, requirements similar to those specified in paragraph (1) to be applicable to contracts for general and specialty construction and to contracts for any other industry category not otherwise subject to the requirements of such subparagraph.".

(d) EXPANSION OF ANNUAL PARTICIPATION GOALS.—Section 15(g) of such Act is amended—

(1) by striking out "having values of $10,000 or more" in the first sentence; and

The head of each Federal agency, in attempting to attain such participation, shall consider—

"(1) contracts awarded as the result of unrestricted competition; and

"(2) contracts awarded after competition restricted to eligible small business concerns under this section and under the program established under section 8(a).".

(e) DISCLOSURE OF INFORMATION CONCERNING APPLICANTS FOR PROCUREMENT SET-ASIDES.—Section 15 of such Act is further amended by adding at the end the following new subsection:

"(B) Subparagraph (A) shall apply only to business concerns in the following industry categories:

"(i) Construction.

"(ii) Architectural and engineering services (including surveying and mapping services).

"(iii) Ship building and ship repair.

"(iv) Refuse systems and related services.

"(3) If the Administrator determines, on the basis of any such review, that contracts awarded under the set-aside programs under such sections exceed 30 percent of the dollar value of the total contract awards for that industry category, as determined under the last sentence of section 15(a)(3), the Administrator shall adjust the size standards for such industry category establishing eligibility for a set-aside program to a size that will likely reduce the number of contracts which may be set aside to approximately 30 percent of the value of contracts to be awarded under such sections.

"(4)(A) An interested person may petition the Administrator at any time to review an adjustment to a size standard made under paragraph (3) or any designation of an industry category made under section 15(a)(3) if the petitioner presents credible evidence that any such adjustment or designation—

"(ii) has caused the petitioner to suffer severe financial loss.

"(B) The Administrator shall render a final determination on any petition filed under subparagraph (A) before the end of the 30-day period beginning on the date that such petition is received by the Administration. Such determination shall be reviewable in the manner prescribed in chapter 7 of title 5, United States Code.

"(C) The Administrator shall prescribe regulations to carry out the provisions of this subsection.

(h) Initial Review of Size Standards.—(1) Paragraph (2) of section 3(a) of the Small Business Act (as added by subsection (f)) shall take effect on the date of the enactment of this Act.

(2) The first review conducted by the Administrator under such paragraph shall review the periods beginning on October 1, 1983, and ending on September 30, 1986, and shall be completed not later than 180 days after the date of the enactment of this Act.

(3) If the Administrator of the Small Business Administration determines, on the basis of the review referred to in paragraph (2), that contracts awarded under the set-aside programs under sections 8(a) and 15(a) of the Small Business Act in any industry category subject to that review exceed 30 percent of the dollar value of the total contract awards for that industry category, as determined in accordance with the last sentence of section 15(a)(3) of such Act, the Administrator shall propose adjustments to the size standards for such industry category establishing eligibility for a set-aside program to a size that will likely reduce the number of contracts which may be set aside to approximately 30 percent of the value of contracts to be awarded under such sections. The Administrator shall publish such proposed adjustments in the Federal Register for public comment. The Administrator may not issue final regulations implementing revised size standards for an industry category under section 3(a)(3) of such Act (as added by subsection (f)) until October 1, 1987.

(C) recommendations for furthering the interests described in subparagraphs (A) and (B) in a more efficient or more effective manner than provided in such amendments.

(3) In preparing the report required by paragraph (1), the Administrator of the Small Business Administration shall seek the views of all affected agencies of the Government and the views of the public, including the views of business concerns of all sizes and of trade, business, and professional organizations. The views of such agencies, and a summary of the views of the public, shall be included in the report.

(4) The report shall be submitted not later than July 15, 1987.

(j) LIMITATION RESPECTING GREAT LAKES NAS.—Of the total dollar amount of the contracts awarded for fiscal year 1987 for construction and of refuse systems and related services at Great Lakes Naval Training Station, Illinois, not more than 30 percent of such dollar amount may be under contracts awarded through the so-called small business set-aside programs under sections 8 and 15 of the Small Business Act.

"(A) on a majority of the person's working days during the two-year period ending on the date of such person's separation from service in the Department of Defense, the person performed a procurement function (relating to a contract of the Department of Defense) at a site or plant that is owned or operated by the contractor and that was the principal location of such person's performance of that procurement function;

"(B) the person performed, on a majority of the person's working days during such two-year period, procurement functions relating to a major defense system and, in the performance of such functions, participated personally and substantially, and in a manner involving decisionmaking responsibilities, with respect to a contract for that system through contact with the contractor; or

"(i) in the negotiation of a Department of Defense contract in an amount in excess of $10,000,000 with the contractor; or

"(2) In the application of paragraph (1) to a former officer or employee of the Department of Defense or a former or retired member of the armed forces, a person's status as a contractor shall be determined as of the date of the separation from service in the Department of Defense of the officer or employee or member or former member involved.

"(b)(1) Any person who knowingly violates subsection (a)(1) shall be subject to a civil fine, in an amount not to exceed $250,000, in a civil action brought by the United States in the appropriate district court of the United States.

"(2) Any person who knowingly offers or provides any compensation to another person, and who knew or should have known that the acceptance of such compensation is or would be in violation of subsection (a)(1), shall be subject to a civil fine, in an amount not to exceed $500,000, in a civil action brought by the United States in the appropriate district court of the United States.

"(4) If a designated agency ethics official, on the basis of a complete disclosure as required by paragraph (2), states in a written opinion furnished to any person under this subsection that this section is inapplicable to the acceptance of compensation by such person from a contractor in a particular case, there shall be a conclusive presumption in favor of such person, for the purposes of this section, that the person's acceptance of such compensation in such case is not a violation of subsection (a)(1).

"(f) In this section:

"(d) PRICE REDUCTIONS FOR DEFECTIVE COST OR PRICING DATA.—(1)(A) A prime contract (or change or modification to a prime contract) under which a certificate under subsection (a)(2) is required shall contain a provision that the price of the contract to the United States, including profit or fee, shall be adjusted to exclude any significant amount by which it may be determined by the head of the agency that such price was increased because the contractor (or any subcontractor required to make available such a certificate) submitted defective cost or pricing data.

"(B) For the purposes of this section, defective cost or pricing data are cost or pricing data which, as of the date of agreement on the price of the contract (or another date agreed upon between the parties), were inaccurate, incomplete, or noncurrent. If for purposes of the preceding sentence the parties agree upon a date other than the date of agreement on the price of the contract, the date agreed upon by the parties shall be as close to the date of agreement on the price of the contract as is practicable.

"(2) In determining for purposes of a contract price adjustment under a contract provision required by paragraph (1) whether, and to what extent, a contract price was increased because the contractor (or a subcontractor) submitted defective cost or pricing data, it shall be a defense that the United States did not rely on the defective data submitted by the contractor or subcontractor.

"(3) It is not a defense to an adjustment of the price of a contract under a contract provision required by paragraph (1) that—

"(A) the price of the contract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted by the contractor or subcontractor because the contractor or subcontractor—

"(i) was the sole source of the property or services procured; or

"(ii) otherwise was in a superior bargaining position with respect to the property or services procured;

"(B) the contracting officer should have known that the cost and pricing data in issue were defective even though the contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the contracting officer;

"(C) the contract was based on an agreement between the contractor and the United States about the total cost of the contract and there was no agreement about the cost of each item procured under such contract; or

"(D) the prime contractor or subcontractor did not submit a certification of cost and pricing data relating to the contract as required under subsection (a)(2).

"(4)(A) A contractor shall be allowed to offset an amount against the amount of a contract price adjustment under a contract provision required by paragraph (1) if—

"(i) the contractor certifies to the contracting officer (or to a designated representative of the contracting officer) that, to the best of the contractor's knowledge and belief, the contractor is entitled to the offset; and

"(ii) the contractor proves that the cost or pricing data were available before the date of agreement on the price of the contract (or price of the modification) and that the data were not submitted as specified in subsection (a)(3) before such date.

"(B) A contractor shall not be allowed to offset an amount otherwise authorized to be offset under subparagraph (A) if—

(i) the certification under subsection (a)(2) with respect to the cost or pricing data involved was known to be false when signed; or

(ii) the United States proves that, had the cost or pricing data referred to in subparagraph (A)(ii) been submitted to the United States before the date of agreement on the price of the contract (or price of the modification), the submission of such cost or pricing data would not have resulted in an increase in that price in the amount to be offset.

"(e) INTEREST AND PENALTIES FOR CERTAIN OVERPAYMENTS.—(1) If the United States makes an overpayment to a contractor under a contract with the Department of Defense subject to this section and the overpayment was due to the submission by the contractor of defective cost or pricing data, the contractor shall be liable to the United States—

"(A) for interest on the amount of such overpayment, to be computed—

"(i) for the period beginning on the date the overpayment was made to the contractor and ending on the date the contractor repays the amount of such overpayment to the United States; and

"(ii) at the current rate prescribed by the Secretary of the Treasury under section 6621 of the Internal Revenue Code of 1954; and

"(B) if the submission of such defective data was a knowing submission, for an additional amount equal to the amount of the overpayment.

"(2) Except as provided under subsection (d), the liability of a contractor under this subsection shall not be affected by the contractor's refusal to submit a certification under subsection (a)(2) with respect to the cost or pricing data involved.

"(f) RIGHT OF UNITED STATES TO EXAMINE CONTRACTOR RECORDS.—(1) For the purpose of evaluating the accuracy, completeness, and currency of cost or pricing data required to be submitted by this section with respect to a contract or subcontract, the head of the agency, acting through any authorized representative of the head of the agency who is an employee of the United States or a member of the armed forces, shall have the right to examine all records of the contractor or subcontractor related to—

"(A) the proposal for the contract or subcontract;

"(B) the discussions conducted on the proposal;
"(C) pricing of the contract or subcontract; or
"(D) performance of the contract or subcontract.

"(2) The right of the head of an agency under paragraph (1) shall expire three years after final payment under the contract or subcontract.

"(3) In this subsection, the term 'records' includes books, documents, and other data.

"(g) Cost or Pricing Data Defined.—In this section, the term 'cost or pricing data' means all information that is verifiable and that, as of the date of agreement on the price of a contract (or the price of a contract modification), a prudent buyer or seller would reasonably expect to affect price negotiations significantly. Such term does not include information that is judgmental, but does include the factual information from which a judgment was derived.".

(b) Conforming Amendments.—(1) Subsection (f) of section 2306 of such title is amended to read as follows:

"(f) So-called 'truth-in-negotiations' provisions relating to cost or pricing data to be submitted by certain contractors and subcontractors are provided in section 2306a of this title.".

(2) Subsection (e) of such section shall apply with respect to contracts or modifications on contracts entered into after November 7, 1985.

SEC. 953. RIGHTS IN TECHNICAL DATA.

(a) Rights in Technical Data.—Subsection (a) of section 2320 of title 10, United States Code, is amended to read as follows:

"(a)(1) The Secretary of Defense shall prescribe regulations to define the legitimate interest of the United States and of a contractor or subcontractor in technical data pertaining to an item or process. Such regulations shall be included in regulations of the Department of Defense prescribed as part of the Federal Acquisition Regulation. Such regulations may not impair any right of the United States or of any contractor or subcontractor with respect to patents or copyrights or any other right in technical data otherwise established by law.

"(2) Such regulations shall include the following provisions:

"(A) In the case of an item or process that is developed by a contractor or subcontractor exclusively with Federal funds, the United States shall have the unlimited right to—

"(i) use technical data pertaining to the item or process; or "(ii) release or disclose the technical data to persons outside the Government or permit the use of the technical data by such persons.

"(B) Except as provided in subparagraphs (C) and (D), in the case of an item or process that is developed by a contractor or subcontractor exclusively at private expense, the contractor or subcontractor may restrict the right of the United States to release or disclose technical data pertaining to the item or process to persons outside the Government, or permit the use of the technical data by such persons.

"(C) Subparagraph (B) does not apply to technical data that—

"(i) constitutes a correction or change to data furnished by the United States;

"(ii) relates to form, fit, or function;

"(iii) is necessary for operation, maintenance, installation, or training (other than detailed manufacturing or process data); or

"(iv) is otherwise publicly available or has been released or disclosed by the contractor or subcontractor without restriction on further release or disclosure.

"(D) Notwithstanding subparagraph (B), the United States may release or disclose technical data to persons outside the Government, or permit the use of technical data by such persons, if—

"(i) such release, disclosure, or use—

"(I) is necessary for emergency repair and overhaul; or

"(II) is a release or disclosure of technical data (other than detailed manufacturing or process data) to, or use of such data by, a foreign government that is in the interest of the United States and is required for evaluational or informational purposes;

"(ii) such release, disclosure, or use is made subject to a prohibition that the person to whom the data is released or disclosed may not further release, disclose, or use such data; and

"(iii) the contractor or subcontractor asserting the restriction is notified of such release, disclosure, or use.

"(E) In the case of an item or process that is developed in part with Federal funds and in part at private expense, the respective rights of the United States and of the contractor or subcontractor in technical data pertaining to such item or process shall be agreed upon as early in the acquisition process as practicable (preferably during contract negotiations), based upon consideration of all of the following factors:

"(i) The statement of congressional policy and objectives in section 200 of title 35, the statement of purposes in section 2(b) of the Small Business Innovation Development Act of 1982 (15 U.S.C. 638 note), and the declaration of policy in section 2 of the Small Business Act (15 U.S.C. 631).

"(ii) The interest of the United States in increasing competition and lowering costs by developing and locating alternative sources of supply and manufacture

"(iii) The interest of the United States in encouraging contractors to develop at private expense items for use by the Government.

"(F) A contractor or subcontractor (or a prospective contractor or subcontractor) may not be required, as a condition of being responsive to a solicitation or as a condition for the award of a contract, to sell or otherwise relinquish to the United States any rights in technical data except—

"(i) rights in technical data described in subparagraph (C); or

"(ii) under the conditions described in subparagraph (D).

"(G) The Secretary of Defense may—

"(i) negotiate and enter into a contract with a contractor or subcontractor for the acquisition of rights in technical data pertaining to an item or process developed by such contractor or subcontractor exclusively at private expense if necessary to develop alternative sources of supply and manufacture; or

"(ii) agree to restrict rights of the United States in technical data pertaining to an item or process developed entirely or in part with Federal funds if the United States receives a royalty-free license to use, release, or disclose the data for purposes of the United States (including purposes of competitive procurement).

"(3) The Secretary of Defense shall define the terms 'developed' and 'private expense' in regulations prescribed under paragraph (1).

"(4) For purposes of this subsection, the term 'Federal Acquisition Regulation' means the single system of Government-wide procurement regulations as defined in section 4(4) of the Office of Federal Procurement Policy Act (41 U.S.C. 403(4)).".

(b) VALIDATION OF PROPRIETARY DATA RESTRICTIONS.—Subsections (a) and (b) of section 2321 of title 10, United States Code, are amended to read as follows:

"(a) A contract for supplies or services entered into by the Department of Defense which provides for the delivery of technical data shall provide that a contractor or subcontractor at any tier shall be prepared to furnish to the contracting officer a written justification for any restriction asserted by the contractor or subcontractor on the right of the United States to use such technical data.

"(b)(1) The Secretary of Defense shall ensure that there is a thorough review of the appropriateness of any restriction on the right of the United States to release or disclose technical data delivered under a contract to persons outside the Government, or to permit the use of such technical data by such persons. Such review shall be conducted before the end of the three-year period beginning on the date on which final payment is made on a contract under which technical data is required to be delivered, or the date on which the technical data is delivered under such contract, whichever is later.

"(2)(A) If the Secretary determines, at any time before the end of the three-year period beginning on the date on which final payment is made on a contract under which technical data is required to be delivered, or the date on which the technical data is delivered under such contract, whichever is later, that a challenge to a restriction is warranted, the Secretary shall provide written notice to the contractor or subcontractor asserting the restriction. Such a determination shall be based on a finding by the Secretary that reasonable grounds exist to question the current validity of the asserted restriction and that the continued adherence to the asserted restriction by the United States would make it impracticable to procure the item competitively at a later time. Such notice shall—

"(i) state the specific grounds for challenging the asserted restriction;

"(ii) require a response within 60 days justifying the current validity of the asserted restriction; and

"(iii) state that evidence of a validation by the Department of Defense of a restriction identical to the asserted restriction within the three-year period preceding the challenge shall serve as justification for the asserted restriction if—

"(I) the validation occurred after a review of the validated restriction under this subsection; and

"(II) the validated restriction was asserted by the same contractor or subcontractor (or any licensee of such contractor or subcontractor) to which such notice is being provided.

"(B) Notwithstanding subparagraph (A), the United States may challenge a restriction on the release, disclosure, or use of technical data delivered under a contract at any time if such technical data—

"(i) is publicly available;

"(ii) has been furnished to the United States without restriction; or

"(iii) has been otherwise made available without restriction."

(c) Conforming Amendments.—Section 1202 of the Department of Defense Authorization Act, 1985 (10 U.S.C. 2301 note), is amended—

"(2) the release of technical data is requested in order to comply with the terms of an international agreement; or

"(3) the Secretary determines, in accordance with section 552(a)(4)(A) of title 5, that such a waiver is in the interests of the United States.".

(1) The configuration of a small intercontinental ballistic missile in terms of weight, number of warheads, and production schedule.

(2) The selected options for more survivable follow-on basing modes and basing locations for MX (Peacekeeper) missiles.

(3) The advisability of going forward with one or more selected basing modes to a full-scale engineering development decision.

(b) Limitation on Deployment of Peacekeeper (MX) Missile; Development of Small ICBM.—The limitations contained in sections 206 and 1231 of the Department of Defense Authorization Act, 1984 (Public Law 98–94; 97 Stat. 614), on the deployment of the MX missile and the development of a small intercontinental ballistic missile shall cease to apply when full-scale engineering development of a small mobile intercontinental ballistic missile begins.

(3) $1,200,000,000 shall be available for research and development of a small mobile intercontinental ballistic missile and basing for such missile.

Sec. 1103. Of the amount appropriated by this Act for research, development, test, and evaluation for the Defense Agencies, not more than $3,213,000,000 is available for the Strategic Defense Initiative (SDI) program.

Sec. 1104. Of the amounts appropriated in the Energy and Water Development Appropriations Act for fiscal year 1987 for national security programs for the Department of Energy, $317,000,000 is available for programs, projects, and activities of the Department of Energy relating to the Strategic Defense Initiative.

Sec. 1105. (a) Sense of Congress Relating to Continued Adherence to SALT II Numerical Sublimits.—It is the sense of the Congress that it is in the national security interests of the United States to continue voluntary compliance with the central numerical sublimits of the SALT II Treaty as long as the Soviet Union complies with such sublimits.

(b) Definition.—For purposes of this section, the central numerical sublimits of the SALT II Treaty include prohibitions on the deployment of the following:

(1) Launchers for more than 820 intercontinental ballistic missiles carrying multiple independently-targetable reentry vehicles.

SEC. 1106. (a) SENSE OF CONGRESS ON NUCLEAR TESTING.—The Congress makes the following findings:

(1) The United States is committed in the Limited Test Ban Treaty of 1963 and in the Non-Proliferation Treaty of 1968 to seek to achieve the discontinuance of all test explosions of nuclear weapons for all time.

(2) A comprehensive test ban treaty would promote the security of the United States by constraining the United States-Soviet nuclear arms competition and by strengthening efforts to prevent the proliferation of nuclear weapons.

(3) The Threshold Test Ban Treaty was signed in 1974 and the Peaceful Nuclear Explosions Treaty was signed in 1976, and both have yet to be considered by the full Senate for its advice and consent to ratification.

(4) The entry into force of the Peaceful Nuclear Explosions Treaty and the Threshold Test Ban Treaty will ensure full implementation of significant new verification procedures and so make completion of a comprehensive test ban treaty more probable.

(5) A comprehensive test ban treaty must be adequately verifiable, and significant progress has been made in methods for detection of underground nuclear explosions by seismological and other means.

(6) At present, negotiations are not being pursued by the United States and the Soviet Union toward completion of a comprehensive test ban treaty.

(7) The past five administrations have supported the achievement of a comprehensive test ban treaty.

(b) SENSE OF CONGRESS.—It is the sense of Congress that, at the earliest possible date, the President should—

SEC. 304. The expenditure of any appropriation under this Act for any consulting service through procurement contract pursuant to section 3109 of title 5, United States Code, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 305. None of the funds provided in this joint resolution or in any other law may be used to implement the following provisions of the uranium enrichment criteria submitted to Congress on July 24, 1986:

(i) section 762.3, which specifies the permitted enrichment of source material of foreign origin for use in domestic utilization facilities;

(ii) the third sentence of section 762.11, to the extent that it provides limitations on free choice of transaction tails assays from 0.2 percent to 0.3 percent U-235 or imposition of an additional charge for selections in that range;

(iii) section 762.15, to the extent it might be construed to validate contract provisions permitting unrestricted delivery and enrichment of foreign-origin feed material after a final court decision requiring restriction of enrichment of foreign-origin source material for domestic use or permitting imposition of additional charges for customer selections of transaction tails assays within the range of 0.2 percent to 0.3 percent U-235;

(iv) any portion of the criteria or provision in any contract which permits or results in reduction of the amount of feed material otherwise required to be delivered to DOE by commercial customers as a result of use of source material or special nuclear material from the government stockpiles in providing toll enrichment services for commercial customers;

(v) section 762.6 hereafter, insofar as it may convey a determination of the level of unrecouped costs that must be returned to the Treasury by the enrichment program, which determination shall be made by the Congress in future legislation.

The funds provided in this joint resolution shall be used to operate the enrichment program, consistent with the spending limitations imposed by this section, on the basis that the uranium enrichment criteria submitted to Congress on July 24, 1986 (except section 762.3 thereof) are in force and effect as modified above: *Provided*, That notwithstanding the effectiveness of the criteria as described above until amended or superseded in accordance with the Atomic Energy Act, except as is otherwise specifically provided by law, foreign-origin uranium may be enriched for domestic use only until a final judgment or dismissal in the pending litigation that determines whether section 161(v) of the Atomic Energy Act requires restriction of enrichment of foreign-origin source material, in which case the criteria shall be amended to impose such restrictions, or such unrestricted enrichment may continue, whichever is consistent with the decision of this question in the pending litigation: *Provided further*, That in expending funds hereunder, the Department shall be required to offer each customer, free of additional charge and irrespective of percentage of requirements contracted for, a transaction tails assays from 0.2 percent to 0.3 percent U-235: *Provided further*, That no provision of this joint resolution or the July 24, 1986, criteria shall affect the merits of the legal position of any of the parties concerning the questions whether section 161(v) of the Atomic Energy Act requires restriction of enrichment of foreign-origin source material destined for use in domestic utilization facilities, and whether distribution may be made of source material or special nuclear material from the government stockpile for commercial customers, in the pending litigation in the United States Court of Appeals for the Tenth Circuit and in the United States District Court for the District of Colorado.

The Congress recognizes that, in fulfilling its obligations under the Treaty of Peace Between the Arab Republic of Egypt and the State of Israel, done at Washington on March 26, 1979, Israel incurred severe economic burdens. Furthermore, the Congress recognizes that an economically and militarily secure Israel serves the security interests of the United States, for a secure Israel is an Israel which has the incentive and confidence to continue pursuing the peace process. Therefore, the Congress declares that it is the policy and the intention of the United States that the funds provided in annual appropriations for the Economic support fund which are allocated to Israel shall not be less than the annual debt repayment (interest and principal) from Israel to the United States Government in recognition that such a principle serves United States interests in the region.

SEC. 539. (a) The Secretary of the Treasury shall instruct the United States Executive Directors of the Multilateral Development Banks to—

(1) vigorously promote a commitment of these institutions to—

(A) add professionally trained staff with experience in ecology and related areas to undertake environmental review of projects, and strengthen existing staff exercising environmental responsibilities;

(B) develop and implement management plans to ensure systematic and thorough environmental review of all projects and activities affecting the ecology and natural resources of borrowing countries, including—

(i) creation of a line unit to carry out such reviews as part of the normal project cycle,

(ii) appointment of an environmental advisor to the Presidents of the Multilateral Development Banks,

(iii) institution of a regular program of monitoring all ongoing projects to ensure that contract conditions and general bank policies to protect the environment and indigenous peoples are fully complied with;

(C) create career and other institutional incentives for all professionally trained bank staff to incorporate environmental and natural resources concerns into project planning and country programming activities;

(2) vigorously promote changes in these institutions in their preparation of projects and country programs that will prompt staff and encourage borrower countries to—

(A) actively and regularly involve environmental and health ministers, or comparable representatives, at the national, regional and local level, in the preparation of environmentally sensitive projects and in bank-supported country program planning and strategy sessions;

(B) actively and regularly seek the participation of non-governmental indigenous peoples and conservation organizations in the host countries at all stages of project planning and strategy sessions;

(C) fully inform local communities and appropriate non-governmental organizations with interests in local development projects of all project planning sufficiently in advance of project appraisal to allow informed participation of local communities and non-governmental organizations that may be adversely affected by them;

(3) establish a regular integrated multidisciplinary planning process to conduct land use capability analyses in reviewing potential loans. Such plans shall include, but not be limited to, a review of ongoing or other potential resource utilization efforts in and adjacent to the project area;

(4) vigorously promote a commitment of these institutions to develop and implement plans for the rehabilitation and management of the ecological resources of borrower nations on a sustained basis. Special attention shall be paid to soil conservation, wildlife, wetlands, estuaries, croplands, grasslands, forests, and fisheries, including—

(A) long-term programs of research designed to manage ecosystems properly;

(B) provision of adequate extension workers, park rangers, social forestry experts, and other appropriate personnel; and

(C) improved programs of training in environmental science and land-use planning;

(5) vigorously promote a commitment of these institutions to increase the proportion of their programs supporting environmentally beneficial projects and project components, such as technical assistance for environmental ministries and institutions, resource rehabilitation projects and project components, protection of indigenous peoples, and appropriate light capital technology projects. Other examples of such projects include small scale mixed farming and multiple cropping, agroforestry, programs to promote kitchen gardens, watershed management and rehabilitation, high yield wood lots, integrated pest management systems, dune stabilization programs, programs to improve energy efficiency, energy efficient technologies such as small scale hydro projects, rural solar energy systems, and rural and mobile telecommunications systems, and improved efficiency and management of irrigation systems.

(6) place an increased emphasis on upgrading the efficient use of energy and other resources by borrower nations. Such efforts shall include, but not be limited to—

(A) significantly increasing the proportion of energy project lending for energy efficiency improvements, and decentralized small scale facilities such as solar, wind, or biomass generating facilities; and

(B) conducting an analysis of the comparative costs of any new energy generating facilities with the cost of increasing the energy efficiency in the project service area;

(8) vigorously promote the establishment within the Economic Development Institute of the World Bank of a component which provides training in environmental and natural resource planning and program development;

(9) regularly raise, at meetings of the Boards of Directors of these institutions, the issue of their progress in improving their environmental performance, with specific focus on the measures set forth above; and

(10) require at least a four week project review period between the time when staff recommendations are presented to the board and board action on any projects.

(b) The Secretaries of Treasury and State, and the Administrator of the Agency for International Development, shall ensure and coordinate a thorough evaluation within the United States Government of the potential environmental problems, and the adequacy of measures to address these problems, associated with all proposed loans for projects involving large impoundments of rivers in tropical countries; penetration roads into relatively undeveloped areas; and agricultural and rural development programs. The potential environmental problems to be addressed in such evaluations shall include those relating to deterioration of water quality; siltation; spread of waterborne diseases; forced resettlement; deforestation; threats to the land, health and culture of indigenous peoples; wetlands disruption; topsoil management, water logging and salinization in irrigation projects; and pesticide misuse and resistance.

(c) The Secretary of the Treasury and the Secretary of State shall regularly undertake and continue diplomatic and other initiatives, in addition to those mentioned in subsection (a)(5), to discuss measures to improve the environmental performance of the Multilateral Development Banks with the representatives to these institutions, and with ministries from which they receive their instructions, of borrower and donor nations. In particular, joint efforts shall be undertaken with borrowers and donors to ensure cooperative implementation of the reforms described above.

(d) The Secretary of the Treasury and the Secretary of State shall propose formally that the Boards of Governors of each Multilateral Development Bank hold a special meeting within the next twelve months, focused specifically on environmental performance and better implementation of multilateral development policies designed to protect the environment and indigenous peoples.

(e) The Secretary of the Treasury shall prepare and submit to the Committees on Appropriations by January 15, 1987, and annually thereafter, a report documenting the progress the Multilateral Development Banks have made in implementing the environmental reform measures described in paragraphs one through eight of subsection (a).

(f) In the report of the Secretary of the Treasury required by subsection (e), regarding the implementation of staffing measures suggested in subsection (a)(1)(A), the Secretary of the Treasury shall specifically discuss the progress of the International Bank for Reconstruction and Development in upgrading and adding environmentally trained professionals to each of its six regional offices to review projects for their prospective ecological impacts.

(g) The Administrator of the Agency for International Development in conjunction with the Secretaries of Treasury and State shall—

(1) instruct overseas missions of the Agency for International Development and embassies of the United States to analyze the impacts of Multilateral Development Bank projects proposed to be undertaken in the host country well in advance of a project's approval by the relevant institution. Such reviews shall address the economic viability of the project; adverse impacts on the environment, natural resources, and indigenous peoples; and recommendations as to measures, including alternatives, that could eliminate or mitigate adverse impacts. If not classified under the national security system of classification, such information shall be made available to the public;

(2) in preparation of reviews required by subsection (g)(1), compile a list of categories of projects likely to have adverse impacts on the environment, natural resources, or indigenous peoples. The list shall be developed in consultation with in-

(i) The Administrator of the Agency for International Development shall appoint a Committee on Health and the Environment to examine opportunities for assisting countries in the proper use of agricultural and industrial chemicals and processes and alternatives such as integrated pest management. The committee shall be broadly representative of industry, agriculture, labor, health and environmental interests and shall report its preliminary findings to Congress before hearings on the fiscal year 1988 budget.

PURPOSES

(Central America)

SEC. 201. The purposes of this title are to promote economic and political development, peace, stability and democracy in Central America, to encourage a negotiated resolution of the conflict in the region, and towards these ends, to enable the President to provide additional economic assistance for the Central American democracies as well as assistance for the Nicaraguan democratic resistance, subject to the terms and conditions of title.

POLICY TOWARD CENTRAL AMERICA

SEC. 202. (a) It is the policy of the United States that—

(1) the building of democracy, the restoration of peace, economic development, the improvement of living conditions, and the application of equal justice under law in Central America are important to the interests of the United States and the community of American States;

(2) the interrelated issues of social and human progress, economic growth, political reform, and regional security must be effectively dealt with to assure a democratic and economically and politically secure Central America; and

(3) the September 1983 Contadora Document of Objectives, which sets forth a framework for negotiating a peaceful settlement to the conflict and turmoil in the region, is to be encouraged and supported.

(b) The United States strongly supports as essential to the objectives set forth in subsection (a)—

(1) a long-term commitment of economic assistance to the Central American democracies in amounts recommended by the National Bipartisan Commission on Central America;

(2) national reconciliation in Nicaragua and the creation of a framework for negotiating a peaceful, democratic settlement to the Nicaraguan conflict; and

(3) efforts to reach a comprehensive and verifiable final agreement based on the Contadora Document of Objectives, including efforts to encourage the Government of Nicaragua to pursue a dialogue with the representatives of all elements of the Nicaraguan democratic opposition for the purpose of achieving a democratic political settlement of the conflict, including free and fair elections

POLICY TOWARD THE GOVERNMENT OF NICARAGUA

SEC. 203. (a) United States policy toward the Government of Nicaragua shall be based upon that government's responsiveness to continuing concerns affecting the national security of the United States and Nicaragua's neighbors about—

(1) Nicaragua's close military and security ties to Cuba and the Soviet Union and its Warsaw Pact allies including the presence in Nicaragua of military and security personnel from those countries and allies;

(2) Nicaragua's buildup of military forces in numbers disproportionate to those of its neighbors and equipped with sophisticated weapons systems and facilities designed to accommodate even more advanced equipment;

(3) Nicaragua's unlawful support for armed subversion and terrorism directed against the democratically elected governments of other countries;

(4) Nicaragua's internal repression and lack of opportunity for the exercise of civil and political rights which would allow the people of Nicaragua to have a meaningful voice in determining the policies of their government through participation in regularly scheduled free and fair elections and the establishment of democratic institutions; and

(5) Nicaragua's refusal to negotiate in good faith for a peaceful resolution of the conflict in Central America based upon the comprehensive implementation of the September 1983 Contadora Document of Objectives and, in particular, its refusal to engage in a serious national dialogue with all elements of the Nicaraguan democratic opposition.

(b) The United States will address the concerns described in subsection (a) through economic, political, and diplomatic measures (including efforts to secure the cooperation of other democratic nations in such measures), as well as through support for the Nicaraguan democratic resistance. In order to assure every opportunity for a peaceful resolution of the conflict in Central America, the United States will—

(1) engage in bilateral discussions with the Government of Nicaragua with a view toward facilitating progress in achieving a peaceful resolution of the conflict, if the Government of Nicaragua simultaneously engages in a serious dialogue with representatives of all elements of the Nicaraguan democratic opposition; and

(2) limit the types and amounts of assistance provided to the Nicaraguan democratic resistance and take other positive action in response to steps taken by the Government of Nicaragua toward meeting the concerns described in subsection (a).

(c) The duration of bilateral discussions with the Government of Nicaragua and the implementation of additional measures under subsection (b) shall be determined, after consultation with the Congress, by reference to Nicaragua's actions in response to the concerns described in subsection (a). Particular regard will be paid to whether—

(1) freedom of speech, assembly, religion, and political activity are being respected in Nicaragua and progress is being made toward the holding of regularly scheduled free and fair elections;

(2) there has been a halt to the flow of arms and the introduction of foreign military personnel into Nicaragua, and a withdrawal of all foreign military personnel has begun;

(3) a cease-fire with the Nicaraguan democratic resistance is being respected; and

(4) Nicaragua is refraining from acts of aggression, including support for insurgency and terrorism in other countries.

(d) The actions by the United States under this title in response to the concerns described in subsection (a) are consistent with the right of the United States to defend itself and to assist its allies in accordance with international law and treaties in force. Such actions are directed, not to determine the form or composition of any government of Nicaragua, but to achieve a comprehensive and verifiable agreement among Central American countries, based upon the 1983 Contadora Document of Objectives, including internal reconciliation within Nicaragua based upon democratic principles, without the use of force by the United States.

(e) Notwithstanding any other provision of this title, no member of the United States Armed Forces or employee of any department, agency, or other component of the United States Government may enter Nicaragua to provide military advice, training, or logistical support to paramilitary groups operating inside that country. In the event that the borrower prepaying under this section shall be using a majority of its generating capacity to directly serve its retail consumers, other borrowers which are purchasing power from such borrower as of September 30, 1986, shall continue to remain eligible for financing under this Act for needs in their service area. Nothing in this section shall prohibit a borrower which has prepaid pursuant to this section from participating in generation and transmission projects with borrowers which have not prepaid, so long as the borrower which has prepaid utilizes private capital financing without financial assistance under this Act: *Provided further,* That nothing in this section shall prohibit short-term power purchases by borrowers which have prepaid under this section from borrowers which have not prepaid. The Administrator shall issue regulations to implement this section within 60 days."

SEC. 144. (a) CIVILIAN PAY RAISE.—(1) Notwithstanding any other provision of law, in the case of fiscal year 1987, the overall percentage of the adjustment under section 5305 of title 5, United States Code, in the rates of pay under the General Schedule, and in the rates of pay under the other statutory pay systems, shall be an increase of 3 percent.

(2) Each increase in a pay rate or schedule which takes effect pursuant to paragraph (1) shall, to the maximum extent practicable, be of the same percentage, and shall take effect as of the first day of the first applicable pay period commencing on or after January 1, 1987.

(3)(A) Notwithstanding any other provision of law, determinations relating to amounts to be appropriated in order to provide for the adjustment described in paragraph (1) shall be made based on the assumption that the various departments and agencies of the Government will, in the aggregate, absorb 50 percent of the increase in total pay for fiscal year 1987.

(B) Subparagraph (A) does not apply with respect to the Department of Defense or pay for employees of the Department of Defense.

(4) For purposes of this subsection—

(A) the term "total pay" means, with respect to a fiscal year, the total amount of basic pay which will be payable to employees covered by statutory pay systems for service performed during such fiscal year;

(B) the term "increase in total pay" means, with respect to a fiscal year, that part of total pay for such year which is attributable to the adjustment taking effect under this section during such year; and

(C) the term "statutory pay system" has the meaning given such term by section 5301(c) of title 5, United States Code.

(b) MILITARY PAY RAISE.—(1) Any adjustment required by section 1009 of title 37, United States Code, in elements of the compensation of members of the uniformed services to become effective during fiscal year 1987 shall not be made.

(2) The rates of basic pay, basic allowance for subsistence, and basic allowance for quarters of members of the uniformed services are increased by 3 percent effective on January 1, 1987.

SEC. 145. (a)(1)(A) Since the Department of State has determined that "In the area of human rights, major discrepancies persist between Romania's Constitution, law, public pronouncements and international commitments on the one hand, and the civil liberties and human rights allowed by the regime on the other";

(B) Since it is apparent from numerous accounts by the State Department, congressional delegations, and human rights organizations that Romanian citizens are being arbitrarily harassed, interrogated, and arrested by government authorities for exercising their civil and religious liberties;

(C) Since Romania's harassment of religious believers extends to the arrest of persons for distributing Bibles and the destruction of places of worship, including most recently the country's largest Seventh Day Adventist Church and the Sephardic synagogue in Bucharest;

(D) Since the Romanian government has imposed severe limits on the freedom of Hungarians and other ethnic minorities to express and maintain their cultural heritage, and has attempted to systematically eliminate Hungarian churches, schools, traditions, and even the Hungarian language from Romanian society;

(E) Since the United States' extension of Most-Favored-Nation trade status to Romania, although linked in the Jackson-Vanik Amendment to freedom of emigration from that country, might be misconstrued as an endorsement of that nation's abusive internal practices:

(2) Now, therefore be it declared by the Senate—

The Congress strongly condemns Romania's continued hostility to the exercise of religious, political and cultural rights, and calls upon Romania to cease such persecution, to halt its destruction of places of worship, and to lift its ban on the production and distribution of Bibles and other religious literature.

(c) It is the sense of the Congress that the President should consider the following factors in shaping our bilateral relations with Romania:

(1) whether Romania is making substantial progress in halting its persecution of Romanian citizens on religious and political grounds and its repression of Hungarians and other ethnic minorities; and

(2) whether Romania is fulfilling its commitments to permit the printing of several thousand Bibles in Romania and to provide for and preserve places of worship.

(d) The Secretary of State shall transmit a copy of this resolution to the head of the diplomatic mission of Romania to the United States and to Romania's permanent representative to the United Nations.

SEC. 146. Such amounts as may be necessary of the Polish currencies held by the United States which have been generated by the sale to Poland of surplus United States dairy products shall be available for construction and renovation projects to be undertaken in Poland under the auspices of the Charitable Commission of the Polish Catholic Episcopate for the benefit of handicapped and orphaned children. Such currencies may be utilized without regard to the requirements of section 1306 of title 31, United States Code, or any other provision of law.

SEC. 147. Section 61(a) of the Arms Export Control Act is amended by adding at the end thereof the following: "The President may waive the requirement of paragraph (3) with respect to a lease which is made in exchange with the lessee for a lease on substantially reciprocal terms of defense articles for the Department of Defense, except that this waiver authority—

"(A) may be exercised only if the President submits to the Committee on Foreign Affairs and the Committee on Appropriations of the House of Representatives and the Committee on Foreign Relations and the Committee on Appropriations of the Senate, in accordance with the regular notification procedures of those Committees, a detailed notification for each lease with respect to which the authority is exercised; and

"(B) may be exercised only during the fiscal year 1987 and only with respect to one country, unless the Congress hereafter provides otherwise.

The preceding sentence does not constitute authorization of appropriations for payments by the United States for leased articles.".

SEC. 148. Notwithstanding any other provisions of title 23, the Secretary of Transportation shall carry out the following project:

I–75 corridor in Kenton County, Kentucky, to examine the feasibility of unmanned radar units for safety purposes.

SEC. 149. Notwithstanding any other provision of law or this joint resolution, assistance to Bolivia shall be provided in accordance with the provisions of the Anti-Drug Abuse Act of 1986, as passed by the Senate on September 30, 1986.

SEC. 150. (a) Section 445(b)(1) of the Social Security Act is amended by striking out "June 30, 1985," and inserting in lieu thereof "June 30, 1987,".

(b) Section 445(d) of such Act is amended by striking out "June 30, 1984," and inserting in lieu thereof "June 30, 1987," and by striking out "June 30, 1987" and inserting in lieu thereof "June 30, 1988".

SEC. 151. (a) Notwithstanding any other provision of law, the Administrator of General Services is authorized during fiscal year 1987 to accept periodic reimbursement from the Senate and from the House of Representatives for the cost of any equipment purchased for the Senate or the House of Representatives, respectively, with funds from the General Supply Fund established under section 109 of the Federal Property and Administrative Services Act of 1949. The amount of each such periodic reimbursement shall be computed by amortizing the total cost of each item of equipment over the useful life of the equipment, as determined by the Administrator, in consultation with the Sergeant at Arms and Doorkeeper of the Senate or the Clerk of the House of Representatives, as appropriate.

(b) Subsection (a) applies to reimbursements to the General Supply Fund for any equipment purchased for the Senate or the House of Representatives before, on, or after the date of enactment of this section.

SEC. 152. Section 107D(c)(1)(E)(ii) of the Agricultural Act of 1949 (7 U.S.C. 1445b–3(c)(1)(E)(ii)) is amended by striking out "marketing year for such crop" and inserting in lieu thereof "first 5 months of the marketing year for the 1986 crop and the marketing year for each of the 1987 through 1990 crops".

SEC. 153. (a) The Congress finds that the activities conducted under the authorities of the Foreign Assistance Act of 1961 have contributed greatly to the alleviation of human suffering and the promotion of economic development in the recipient countries. The Congress finds further that changing circumstances in the developing countries and changing availability of resources from the United States require that a comprehensive review of the activities under that Act be undertaken.

(b) It is, therefore, the sense of the Congress that the President should undertake a comprehensive review of the activities authorized by the Foreign Assistance Act of 1961 and should send to the Committees on Appropriations and to the Senate Foreign Relations Committee and the House Foreign Affairs Committee by February 1, 1987, his recommendations for amending the Act or otherwise modifying those activities.

SEC. 154. (a) Section 502(a) of title 21 of the District of Columbia Code is amended by striking out the last sentence and inserting in lieu thereof "Eight of the members of the Commission shall be health care professionals who are psychiatrists, or doctoral level psychologists, practicing in the District of Columbia who have had not less than five years' experience in the treatment of mental illnesses.".

(b) Section 502(c) of title 21 of the District of Columbia Code is amended to read as follows:

"(c) Members of the Commission who are health care professionals shall serve on a part-time basis and shall be rotated by assignment of the Chief Judge of the court, so that at any one time the Commission shall consist of the chairman and two members who are health care professionals. Members of the Commission who are health care professionals may practice their profession during their tenure of office, but may not participate in the disposition of a case in which they have rendered professional service or advice.".

(c) The members of the District of Columbia Commission on Mental Health on the date of the enactment of this joint resolution shall serve the unexpired portions of their terms as members of such commission.

(d) The provisions of this joint resolution shall take effect on the date of enactment.

SEC. 163. Notwithstanding any legislative or judicial requirement, the Office of Surface Mining Reclamation and Enforcement may delay the finalization of the proposed rulemaking amending Parts 773 and 778 of the Code of Federal Regulations as published in the Federal Register on April 5, 1985 (50 FR 13724) until March 31, 1987.

TITLE VI—METROPOLITAN WASHINGTON AIRPORTS

SEC. 6001. SHORT TITLE.

This title may be cited as the "Metropolitan Washington Airports Act of 1986".

SEC. 6002. FINDINGS.

The Congress finds that—

(1) the two federally owned airports in the metropolitan area of Washington, District of Columbia, constitute an important and growing part of the commerce, transportation, and economic patterns of the Commonwealth of Virginia, the District of Columbia, and the surrounding region;

(2) Baltimore/Washington International Airport, owned and operated by the State of Maryland, is an air transportation facility that provides service to the greater Metropolitan Washington region together with the two federally owned airports, and timely Federal-aid grants to Baltimore/Washington International Airport will provide additional capacity to meet the growing air traffic needs and to compete with other airports on a fair basis;

(3) the Federal Government has a continuing but limited interest in the operation of the two federally owned airports, which serve the travel and cargo needs of the entire Metropolitan Washington region as well as the District of Columbia as the national seat of government;

(4) operation of the Metropolitan Washington Airports by an independent local agency will facilitate timely improvements at both airports to meet the growing demand of interstate air transportation occasioned by the Airline Deregulation Act of 1978 (Public Law 95-504; 92 Stat. 1705);

(5) all other major air carrier airports in the United States are operated by public entities at the State, regional, or local level;

(6) any change in status of the two airports must take into account the interest of nearby communities, the traveling public, air carriers, general aviation, airport employees, and other interested groups, as well as the interests of the Federal Government and State governments involved;

(7) in recognition of a perceived limited need for a Federal role in the management of these airports and the growing local interest, the Secretary has recommended a transfer of authority from the Federal to the local/State level that is consistent with the management of major airports elsewhere in the Nation;

(8) an operating authority with representation from local jurisdictions, similar to authorities at all major airports in the United States, will improve communications with local officials and concerned residents regarding noise at the Metropolitan Washington Airports;

(9) a commission of congressional, State, and local officials and aviation representatives has recommended to the Secretary that transfer of the federally owned airports be as a unit to an independent authority to be created by the Commonwealth of Virginia and the District of Columbia; and

(10) the Federal interest in these airports can be provided through a lease mechanism which provides for local control and operation.

SEC. 6003. PURPOSE.

(a) In General.—It is therefore declared to be the purpose of the Congress in this title to authorize the transfer of operating responsibility under long-term lease of the two Metropolitan Washington Airport properties as a unit, including access highways and other related facilities, to a properly constituted independent airport authority created by the Commonwealth of Virginia and the District of Columbia, in order to achieve local control, management, operation, and development of these important transportation assets.

(b) Inclusion of BWI Not Precluded.—Nothing in this title shall be construed to prohibit the Airports Authority and the State of Maryland from entering into an agreement whereby Baltimore/Washington International Airport may be made part of a regional airports authority, subject to terms and conditions agreed to by the Airports Authority, the Secretary, the Commonwealth of Virginia, the District of Columbia, and the State of Maryland.

(5) for an offering of not less than one life insurance and three health insurance programs for transferred employees retained by the Airports Authority during the 5-year period beginning on the date the lease takes effect which are reasonably comparable with respect to employee premium cost and coverage to the Federal health and life insurance programs available to employees on the day before such date.

(b) LABOR AGREEMENTS.—

(1) ADOPTION.—The Airports Authority shall adopt all labor agreements which are in effect on the date the lease under section 6005 takes effect. Such agreements shall continue in effect for the 5-year period commencing on such date, unless the agreement provides for a shorter duration or the parties agree to the contrary before the expiration of that 5-year period. Such agreements shall be renegotiated during the 5-year period, unless the parties agree otherwise. Any labor-management negotiation impasse declared before the date the lease takes effect shall be settled in accordance with chapter 71 of title 5, United States Code.

(2) CONTINUATION.—The arrangements made pursuant to this section shall assure, during the 50-year lease term, the continuation of all collective bargaining rights enjoyed by transferred employees retained by the Airports Authority.

(c) RIGHTS OF TERMINATED EMPLOYEES.—Any transferred employee whose employment with the Airports Authority is terminated during the 5-year period beginning on the date the lease under section 6005 takes effect shall be entitled, as a condition of any lease entered into in accordance with section 6005 of this title, to rights and benefits to be provided by the Airports Authority that are similar to those such employee would have had under Federal law if termination had occurred immediately before such date.

(d) ANNUAL AND SICK LEAVE.—Any employee who transfers to the Airports Authority under this section shall not be entitled to lump-sum payment for unused annual leave under section 5551 of title 5, United States Code, but shall be credited by the Airports Authority with the unused annual leave balance on the date the lease under section 6005 takes effect, along with any unused sick leave balance on such date. During the 5-year period beginning on such date, annual and sick leave shall be earned at the same rates permitted on the day before such date, and observed official holidays shall be the same as those specified in section 6103 of title 5, United States Code.

(e) CIVIL SERVICE RETIREMENT.—Any Federal employee who transfers to the Airports Authority and who on the day before the date the lease under section 6005 takes effect is subject to subchapter III of chapter 83 of title 5, United States Code, or chapter 84 of such title shall, so long as continually employed by the Airports Authority without a break in service, continue to be subject to such subchapter or chapter, as the case may be. Employment by the Airports Authority without a break in continuity of service shall be considered to be employment by the United States Government for purposes of such subchapter and chapter. The Airports Authority shall be the employing agency for purposes of such subchapter and chapter and shall contribute to the Civil Service Retirement and Disability Fund such sums as are required by such subchapter and chapter.

(f) SEPARATED EMPLOYEES.—An employee who does not transfer to the Airports Authority and who does not otherwise remain a Federal employee shall be entitled to all of the rights and benefits available under Federal law for separated employees, except that severance pay shall not be payable to an employee who does not accept an offer of employment from the Airports Authority of work substantially similar to that performed for the Federal Government.

(g) ACCESS TO RECORDS.—The Airports Authority shall allow representatives of the Secretary adequate access to employees and employee records of the Airports Authority when needed for the performance of functions related to the period before the date the lease under section 6005 takes effect. The Secretary shall provide the Airports Authority access to employee records of transferring employees for appropriate purposes.

SEC. 6009. RELATIONSHIP TO AND EFFECT OF OTHER LAWS.

(a) OTHER LAWS.—In order to assure that the Airports Authority has the same proprietary powers and is subject to the same restrictions with respect to Federal law as any other airport except as otherwise provided in this title, during the period that the lease authorized by section 6005 of this title is in effect—

(1) the Metropolitan Washington Airports shall be considered public airports for purposes of the Airport and Airway Improvement Act of 1982 (49 App. U.S.C. 2201 et seq.); and

(2) the Acts entitled "An Act to provide for the administration of the Washington National Airport, and for other purposes", approved June 29, 1940 (54 Stat. 686), "An Act to authorize the construction, protection, operation, and maintenance of a public airport in or in the vicinity of the District of Columbia", approved September 7, 1950 (64 Stat. 770), and "An act making supplemental appropriations for the support of the Government for the fiscal year ending June 30, 1941, and for other purposes", approved October 9, 1940 (54 Stat. 1030), shall not apply to the operation of the Metropolitan Washington Airports, and the Secretary shall be relieved of all responsibility under those Acts.

(b) INAPPLICABILITY OF CERTAIN LAWS.—The Metropolitan Washington Airports and the Airports Authority shall not be subject to the requirements of any law solely by reason of the retention by the United States of the fee simple title to such airports or by reason of the authority of the Board of Review under subsection 6007(f).

(c) POLICE POWER.—The Commonwealth of Virginia shall have concurrent police power authority over the Metropolitan Washington Airports, and the courts of the Commonwealth of Virginia may exercise jurisdiction over Washington National Airport.

(d) PLANNING.—

(1) IN GENERAL.—The authority of the National Capital Planning Commission under section 5 of the Act of June 6, 1924 (40 U.S.C. 71d) shall not apply to the Airports Authority.

(2) CONSULTATION.—The Airports Authority shall consult—

(A) with the National Capital Planning Commission and the Advisory Council on Historic Preservation before undertaking any major alterations to the exterior of the main terminal at Washington Dulles International Airport, and

(B) with the National Capital Planning Commission before undertaking development that would alter the skyline of Washington National Airport when viewed from the opposing shoreline of the Potomac River or from the George Washington Parkway.

(e) OPERATION LIMITATIONS.—

(1) HIGH DENSITY RULE.—The Administrator may not increase the number of instrument flight rule takeoffs and landings

authorized for air carriers by the High Density Rule (14 C.F.R. 93.121 et seq.) at Washington National Airport on the date of the enactment of this title and may not decrease the number of such takeoffs and landings except for reasons of safety.

(2) ANNUAL PASSENGER LIMITATIONS.—The Federal Aviation Administration air traffic regulation entitled "Modification of Allocation: Washington National Airport" (14 C.F.R. 93.124) shall cease to be in effect on the date of the enactment of this title.

SEC. 6010. AUTHORITY TO NEGOTIATE EXTENSION OF LEASE.

The Secretary and the Airports Authority may at any time negotiate an extension of the lease entered into under section 6005(a).

SEC. 6011. SEPARABILITY.

Except as provided in section 6007(h), if any provision of this title or the application thereof to any person or circumstance, is held invalid, the remainder of this title and the application of such provision to other persons or circumstances shall not be affected thereby.

SEC. 6012. NONSTOP FLIGHTS.

PERIMETER RULE.—An air carrier may not operate an aircraft nonstop in air transportation between Washington National Airport and another airport that is more than 1,250 statute miles away from Washington National Airport.

Approved October 30, 1986.

NOTE: When the President signed H.J. Res. 738 on October 18, 1986, it was assigned Public Law No. 99-500. The following statement was issued by the President in conjunction with his signing of Public Law 99-591:

On October 17, 1986, I was presented by the Congress with an enrolled resolution designated H.J. Res. 738, a joint resolution making continuing appropriations for the fiscal year 1987, and for other purposes. I signed this measure into law on October 18, 1986. I have since learned that H.J. Res. 738 was not properly enrolled, in that a small number of paragraphs of text were omitted due to clerical error.

The provisions I signed into law on October 18 remain the law of the land. The Supreme Court has held that transmission errors of this sort do not in any way vitiate the legal effect of a President's signature. Accordingly, that which was signed became law.

H.J. Res. 738 has since been properly enrolled and has been presented to me for signature. My signing of H.J. Res. 738 today will enable the provisions previously omitted to become law as well.

Subtitle B—Tobacco Program Improvements

7 USC 1445 note.

SEC. 1101. FINDINGS AND PURPOSES.

(a) Findings.—Congress finds that—

State and local governments.

(1) the maintenance of a viable tobacco price support and production adjustment program is in the interests of tobacco producers, purchasers of tobacco, persons employed directly or indirectly by the tobacco industry, and the localities and States whose economies and tax bases are dependent on the tobacco industry;

(2) the present tobacco price support program is in jeopardy and in need of reform;

(3) under present law, the levels of price support for tobacco have resulted in market prices for tobacco that are not competitive on the world market;

(4) as a consequence, extremely large quantities of domestic tobacco have been put under loan and placed in the inventories of the producer-owned cooperative marketing associations that administer the tobacco price support program;

(5) the increased inventories have led to a significant increase in the assessments producers are required to pay to maintain the tobacco price support program on a "no net cost" basis;

(6) such increasingly large assessments are creating a severe hardship on producers;

(7) the existence of such large inventories poses a threat to the orderly marketing of future crops of tobacco;

(8) inventories of producer associations must be significantly reduced or the tobacco price support program will collapse;

(9) the Commodity Credit Corporation is threatened with substantial losses on disposition of these inventories should the tobacco price support program collapse;

(10) it is imperative that such excess inventories of tobacco be disposed of, under the supervision of the Secretary of Agriculture, in a manner that—

(A) will not disrupt the orderly marketing of new tobacco crops;

(B) will minimize any losses to the Federal Government; and

(C) will be fair and equitable to all tobacco producers and purchasers;

(11) the mutual cooperation of tobacco producers, tobacco purchasers, producer associations, and the Secretary of Agriculture is necessary—

(A) to restore the tobacco price support program to a stable condition; and

(B) to prevent substantial losses to taxpayers that would result from the collapse of the program;

Commerce and trade.

(12) restoration of stability to the tobacco price support program through a sharing of the cost of that program by purchasers of tobacco along with producers of tobacco is necessary to prevent undue burdens on, or obstruction of, interstate and foreign commerce in tobacco; and

(13) the system of grading tobacco should be thoroughly reviewed to ensure that grades are assigned to tobacco that properly state the quality of such tobacco.

100 STAT. 84

(b) Purposes.—The purposes of this subtitle are—

(1) to encourage cooperation among tobacco producers, tobacco purchasers, and the Secretary of Agriculture in reducing tobacco price support levels, assessment costs, the size of inventories of producer associations, and the exposure of taxpayers to large budget outlays;

(2) to adjust the method by which price support levels and production quotas are calculated to reflect actual market conditions;

(3) to facilitate the purchase and sale of Flue-cured and Burley tobacco presently in the inventories of producer associations through which producers of Flue-cured and Burley tobacco are provided price support;

(4) to provide that purchasers and producers of domestic tobacco share equally in the cost of maintaining the tobacco price support program at no net cost to the taxpayers; and

(5) to expedite reform of the system of grading tobacco so that grades assigned to tobacco more accurately reflect the quality of such tobacco.

SEC. 1102. PRICE SUPPORT ADJUSTMENTS.

(a) In General.—Effective for the 1985 and subsequent crops of tobacco, section 106(f) of the Agricultural Act of 1949 (7 U.S.C. 1445(f)) is amended by striking out paragraphs (4) and (5) and inserting in lieu thereof the following new paragraphs:

99 Stat. 818.

"(4) For the 1985 and 1986 crops of Burley tobacco, the support level shall be $1.488 per pound.

"(5) For the 1986 crop of Flue-cured tobacco, the support level shall be $1.438 per pound.

"(6)(A) Except as provided in subparagraph (B), for the 1986 and each subsequent crop of any kind of tobacco (other than Flue-cured and Burley tobacco) for which marketing quotas are in effect or are not disapproved by producers, the support level shall be the level in cents per pound at which the immediately preceding crop was supported, plus or minus, respectively, the amount by which—

"(i) the support level for the crop for which the determination is being made, as determined under subsection (b); is greater or less than

"(ii) the support level for the immediately preceding crop, as determined under subsection (b),

as that difference may be adjusted by the Secretary under subsection (d) if the support level under clause (i) is greater than the support level under clause (ii).

"(B) Notwithstanding subparagraph (A) and subsection (d), if requested by the board of directors of an association through which price support for the respective kind of tobacco specified in subparagraph (A) is made available to producers, the Secretary may reduce the support level for such kind of tobacco to the extent requested by the association to more accurately reflect the market value and improve the marketability of such tobacco.

Subtitle B—NOAA Nautical and Aeronautical Products

SEC. 6011. SALE AND DISTRIBUTION OF NOAA NAUTICAL AND AERONAUTICAL PRODUCTS.

(a) Section 1307 of title 44, United States Code, is amended to read as follows:

"§ 1307. National Oceanic and Atmospheric Administration: nautical and aeronautical products, sale and distribution

"(a)(1) All nautical and aeronautical products created or published by the National Oceanic and Atmospheric Administration shall be sold at such prices as the Secretary of Commerce shall establish annually, in accordance with the provisions of this subsection. The Secretary shall publish annually the prices at which nautical and aeronautical products are sold to the public.

100 STAT. 122

"(2)(A) Subject to subparagraph (B) of this paragraph, the prices of nautical and aeronautical products may be increased over a period of not less than three years after the date of enactment of this section so as to recover all costs attributable to data base management, compilation, printing, and distribution of such products. The prices of such products may be maintained to recover all such costs thereafter. At the end of such period and every three years thereafter, the Secretary, after consultation with the Secretary of Transportation, shall report to the Congress on the effect of imposing or maintaining such increased prices, including any impact on aviation and marine safety.

"(B) The Secretary, after consultation with the Secretary of Transportation, shall adjust the prices of nautical or aeronautical products in such manner as is necessary to avoid any adverse impact on aviation and marine safety attributable to the prices specified in subparagraph (A) of this paragraph.

"(3) This section shall not be construed to require the establishment of any price for a nautical or aeronautical product where, in the judgment of the Secretary, furnishing of that product to a recipient is a reasonable exchange for voluntary contribution of information by the recipient to a program of the National Oceanic and Atmospheric Administration.

"(4) Prices established under this section may not include costs attributable to the acquisition or processing of nautical or aeronautical data.

"(b) Fees collected from the sale of nautical or aeronautical products under this section and from any licensing of such products which is permitted under any other provision of law shall be deposited in the miscellaneous receipts fund of the United States Treasury.

"(d) The fees provided for in this section are for the purpose of reimbursing the United States Government for the costs of creating, publishing or distributing aeronautical and nautical products of the National Oceanic and Atmospheric Administration. The collection of fees authorized by this section shall not alter or expand any duty or liability of the United States under existing law for the performance of functions for which fees are collected, nor shall the collection of fees constitute an express or implied undertaking by the United States to perform any activity in a certain manner.

"(e) For purposes of this section, the term 'nautical and aeronautical products' includes all nautical and aeronautical charts, tide and tidal current tables, tidal current charts, coast pilots, water level products, and associated data bases which are created or published by the National Oceanic and Atmospheric Administration.".
